Index

1962–1964

Page numbers of symposium and clinic titles are given in **boldface** type.

A-163 in root canal dressings, *1963:* July, 335, 336
Abnormal swallowing, *1964:* July, 488, 531, 533, 535–539
Abscesses, alveolar, *1963:* March, 92–94
apical, *1963:* July, 300
Abutments, clasps and, *1962:* Nov., 723–729
destruction by caries, *1962:* Nov., 717
partial coverage versus full coverage, *1962:* March, 131
periodontal aspects, *1962:* Nov., 718, 790–794
Access in endodontics, *1963:* July, 324–344, 365, 366
Acetaminophen, *1964:* July, 293
Acetanilid, *1963:* March, 148
Acetophenetidin, *1963:* March, 148, 149; *1964:* July, 292
Acetylsalicylic acid. See *Aspirin.*
Achromycin. See *Tetracycline.*
Acid formation, *1962:* July, 378–380
Acid neutralization in caries prevention, *1962:* July, 419
Acid-producing microorganisms, *1962:* July, 325–326
Acrylic resin for interocclusal record, *1962:* March, 111
for partial denture bases, *1962:* Nov., 720
Actinomyces in plaque, *1962:* July, 324
Adams clasps, *1964:* July, 421
Adaptive mechanisms in masticatory system, *1962:* March, 66
Addison's disease, *1963:* March, 124
Adenoblastoma, *1964:* July, 307
Adjustable pivots in restoring vertico-centric relations, *1964:* Nov., **645–649**
Adrenalin. See *Epinephrine.*
Adrenocorticosteroid hormones, use in dentistry, *1963:* July, **503–512.** See also *Steroids.*
Adrenosem, *1964:* July, 295
Aerosporin. See *Polymyxin B.*
Aging, physiologic changes, *1964:* Nov., 761, 766–770
Albamycin. See *Tetracycline.*
Albright's syndrome, *1963:* March, 125
Alcohols, sedative-hypnotic, list of, *1963:* July, 492
Aldomet, *1963:* July, 462
Alkaline agents in caries prevention, *1962:* July, 419
Allergic reactions, *1963:* March, 124; July, 517
significance in oral surgery patient, *1964:* July, 353
to local anesthetics, *1963:* July, 523
to penicillin, *1963:* March, 155; July, 518
Alloys for partial dentures, *1962:* Nov., 720–721, 734–737
Alphaprodine, *1963:* July, 420
Alveolar abscesses, *1963:* March, 92–94
Alveolar bone, contouring, artificial versus natural, *1962:* July, 445–447
effects of tooth transplantation, *1962:* July, 522
Alveolar process, fractures, management, *1963:* July, 542
Alveolar ridges, evaluation for occluso-rehabilitation, *1962:* March, 278
posterior, deformities, *1962:* March, 229–239
Amalgam as restorative material, *1963:* Nov., 879
physical properties, *1963:* March, 201
reinforced with steel rods, *1963:* Nov., 806–817
Amalgam splint, *1964:* March, **213–219**
Amalgam tattoo, *1963:* March, 124
Ameloblastoma, *1963:* March, 141; *1964:* July, 307

Aminopyrine, *1963:* March, 148
Ammoniated dentifrices, *1962:* July, 419
Amobarbital, *1963:* July, 495
Amphetamine, *1963:* July, 464
Ampicillin, *1963:* July, 560
Amytal. See *Amobarbital.*
Anacin, *1964:* July, 292
Analgesics, *1963:* March, 146–151; July, 422; *1964:* July, 292, 404
Anaphylactoid reactions to antibiotics, *1963:* July, 521; *1964:* July, 290
to local anesthetics, *1963:* July, 523
Anaphylaxis, *1963:* March, 155; July, 518
Anatomic considerations pertinent to general practice oral surgery, *1964:* July, **383–396**
Anemia, causes, *1963:* March, 16
ulcerations and, *1963:* March, 115
Anesthesia as threat, *1962:* Nov., 591
fear of, minimizing, *1962:* Nov., 598–600
in jaw wiring procedures, *1963:* July, 543
local, *1963:* July, 423
allergic reactions, *1963:* July, 453, 523
armamentarium, *1963:* July, 446
as diagnostic aid, *1963:* July, 444
as irrigant, *1963:* July, 445
circulatory reactions, *1963:* July, 523
contraindications, *1963:* July, 445
convulsions after, *1963:* July, 424
cross-reactions, *1963:* July, 524
current concepts, *1963:* July, **443–457**
facial paralysis following, *1963:* July, 455
for topical anesthesia, *1963:* July, 444
in cardiac disease, *1963:* July, 456
in endodontics, *1963:* July, **417–428**
in gingivectomy, *1964:* March, 42
in occlusal rehabilitation, *1963:* Nov., 697–701
indications, *1963:* July, 443–445
pain following, *1963:* July, 455
postinjection problems, *1963:* July, 452–455
prolongation of anesthesia, *1963:* July, 455
solutions, *1963:* July, 447–452
toxic reactions, *1963:* July, 452, 522
psychological implications, *1962:* Nov., **591–600**
topical, *1963:* Nov., 695
from local anesthetics, *1963:* July, **444**
Anesthetic test in pulpal disease, *1963:* March, 99
Angle classification, *1963:* March, 175, 176, 179
Ankylosed tooth, *1964:* July, **493–508**
Ankylosis as cause of space loss, *1961:* Nov., 707
of transplanted teeth, *1962:* July, 506
Anodontia, *1962:* Nov., 767
Anterior guidance, *1963:* Nov., 587–589, 620, 630
Antibiotics, *1963:* March, 153–158; July, 424–426; *1964:* July, 288–292, 405
contamination of culture broths, *1963:* July, 336
in caries prevention, *1962:* July, 332, 416
in clinical dentistry, *1963:* July, **553–561**
in prophylaxis against bacteremias, *1963:* July, 559
in root canal dressings, *1963:* July, 334–337
in root canal sterilization, *1963:* July, 334–336
oral dosage (table), *1963:* July, 555
prophylactic use, *1963:* July, 558
systemic, in periapical infections, *1963:* July, 339
topical use, *1963:* July, 558
Anticoagulants, *1963:* July, 469–471
Antiemetic drugs, *1963:* July, 467–469
Antiepileptic drugs, *1963:* July, 465–467
Antifungal agents in root canal dressings, *1963:* July, 336
Antihistaminic drugs, *1963:* July, 426
Anti-inflammatory agents, *1964:* July, 293–295
Antioxidants, *1963:* July, 451
Antiseptic dressings in endodontics, *1963:* July, 324, 329, 331, 337
Antiseptic root canal sealers, *1963:* July, 338
Antiseptics, topical, *1963:* July, 486
use during endodontic instrumentation, *1963:* July, 325–328
Apatite, reactions, *1962:* July, 370–374
A.P.C. tablets, *1963:* March, 149
Aphthae, recurrent, *1963:* March, 105, 110–111
Apical periodontal cyst, *1964:* July, 300
Apicoectomy, *1963:* July, 376–308. See also *Periapical surgery.*
Appliances, space-opening and space-closing, *1964:* July, **415–429**, 528
Appointment scheduling in periodontics, *1964:* March, 256
Apprehension and pain, control of, *1963:* Nov., **691–707**

Arch, dental, size analysis and tooth size prediction, *1964:* July, **431–440**
spacing and crowding in, *1964:* July, 482–485
Arch bars in jaw fractures, *1963:* July, 537
Arch irregularities and minor malocclusions, diagnosis, supervision and treatment, *1961:* Nov., **723–738**
Arthritis of temporomandibular joint, *1963:* March, 248
Articulation. See also *Occlusion.*
gnathological, *1962:* March, **183–197**
Articulators, *1962:* March, 164–166, 204–206, 260–262; Nov., 802–805
in complete denture construction, criteria for selection, *1964:* Nov., **629–637**
Aspiration biopsy, *1963:* March, 46
of cysts, *1963:* March, 129
Aspirin, *1963:* March, 147, 149; *1964:* July, 292
Aspirin burns, *1963:* March, 105, 121
Assistant. See *Auxiliary personnel.*
Astringents, *1963:* July, 484
Atarax. See *Hydroxyzine.*
Ataraxics, *1963:* March, 153; July, 420–422, 491–493, 498–501; *1964:* July, 286–288
ATF, *1963:* July, 335
Atrophic sensitive mucosa, *1964:* Nov., 565, 567
Atropine, *1963:* July, 467
Attending staff, *1964:* July, 366
Aureomycin. See *Chlortetracycline.*
Auscultation, *1963:* March, 31
Autogenous tooth transplantation, *1962:* July, 502–507, **513–526**
Autograft, definition, *1962:* July, 499
Auxiliary personnel, increased utilization, *1962:* Nov., 698
Avulsed teeth, replantation, *1961:* Nov., 628; *1962:* July, **555–568**
Axial inclinations of teeth, *1964:* July, 479–482
Axons, *1962:* March, 10

BACITRACIN, *1963:* March, 158; July, 335, 336, 558
Bacteremias, prophylaxis, *1963:* July, 559
ultrasonic instrumentation and, *1964:* March, 172
Bacteria, acidogenic and aciduric, *1962:* July, 325–326
caries and, *1962:* July, 310, **321–333**; Nov., 619
Bacterial endocarditis. See *Endocarditis.*
Bacterial infections, *1963:* March, 108
Bacteriologic control in endodontics, *1963:* July, **321–339**
Bacteriology, dental, *1963:* July, 554
Balance, bilateral, of articulation, *1962:* March, 185–189
Balancing of occlusal arches. See also *Occlusal adjustment.*
contraindications, *1962:* March, 40–49
Balkwill-Bennett movement, influence on articulators, *1964:* Nov., 635
Barbed broaches, *1963:* July, 351
Barbital, *1963:* July, 494
Barbiturates, *1963:* March, 152–153; July, 418–419, 493–497; *1964:* July, 287
list of, *1963:* July, 492
Bases, stabilized, for transferring records, *1964:* Nov., **623–628**
Behavior, mechanisms, *1962:* Nov., **581–590**
pathologic, *1962:* Nov., 589
Behavior patterns of children, *1962:* Nov., 624, 626–633
Behavioral science in dental public health, *1962:* Nov., **697–707**
Benign soft tissue neoplasms, *1964:* July, 326–334
Bennett movement, *1963:* Nov., 586, 615–618, 640–642, 650, 653, 661, 665; *1964:* Nov., 635
Benzedrine. See *Amphetamine.*
Benzyl penicillin G potassium, *1963:* March, 153
Bicuspids, unerupted and impacted, *1964:* July, 378
Bilateral balance of articulation, *1962:* March, 185–189
Bimaxillary protrusion in etiology of diastema, *1962:* March, 83
Biochemical aspects of caries, *1962:* July, **369–384**
Biologic aspects of bone grafting, *1962:* July, **427–429**
Biomechanics of endodontic therapy, *1963:* July, **341–359**, 386–391. See also under *Root canal.*
Biopsy, *1964:* July, 334
in oral diagnosis and treatment planning, *1963:* March, **41–54**
Bite guards, *1964:* March, 187
Bite opening, *1962:* Nov., 782–786
Bleeding time, *1963:* March, 14
Blood, capillary, obtaining, *1963:* March, 13
hemoglobin determination, *1963:* March, 16
in urine, *1963:* March, 19

Blood dyscrasias, significance in oral surgery patient, *1964:* July, 353
Blood pressure, *1963:* March, 11
Body image, *1962:* Nov., 645
Body types, relation to temperament and pain responses, *1963:* March, 272
Bonamine. See *Meclozine.*
Bone, *1964:* Nov., 568–572. See also *Alveolar bone.*
and soft tissue as factor in maxillo-mandibular relations, *1962:* March, 20
contouring, artificial versus natural, *1962:* July, 445–447
exposure in periodontal surgery, *1964:* March **23–36**
fibrous dysplasia of, *1964:* July, 310
grafting, biologic aspects, *1962:* July, **427–429**
homografts in periodontal pockets, *1962:* July, **471–483**
periodontal, regeneration, *1964:* March, 135–137
regeneration following periodontal destruction, *1962:* July, **459–469**
structural characteristics, *1962:* July, 508
Bone cavity, developmental, *1963:* March, 140, *1964:* July, 306
Bone contour, gingivectomy and, *1964:* March, 45
Bone cysts of jaw region, *1963:* March, **127–144**; *1964:* July, 305
Bretylium tosylate, *1936:* July, 462
Brewer's method of verifying centric relation, *1964:* Nov., 604–608
Bridges. See also *Crown and bridge* and *Dentures, partial, fixed.*
quasi-fixed, *1964:* March, 198, 206–210
Broaches, barbed, *1963:* July, 351
Bromide, July, 466
Bruxism, *1962:* March, 76, 178; Nov., 612
bite guards in, *1964:* March, 187
splinting in, *1964:* March, 176, 178, 179, 180
B.U.L.L. theory of occlusal adjustment versus Jankelson concept, *1962:* March, 74
Burning tongue, *1963:* March, 282
Butabarbital, *1964:* July, 287
Butethamine, *1963:* July, 449

CAFFEINE, *1963:* March, 148, 149
Calculus removal. See also *Scaling* and *Planing.*
in bacteriologic control, *1963:* July, 321
Candida albicans, 1963: March, 106, 120
Canine relations, *1964:* July, 487
Canker sores. See *Aphthae, recurrent.*
Capillary blood, obtaining, *1963:* March, 13
Carbamates, list of, *1963:* July, 492
Carbazochrome, *1964:* July, 295
Carbocaine. See *Mepivacaine.*
Carbohydrates, *1964:* Nov., 764
caries and, *1962:* July, 337–338, 387–389, 391–393, 422–423; Nov., 617; *1963:* July, 549
Carcinoma, *1963:* March, 119
in situ, *1963:* March, 119
metastatic, *1964:* July, 313
Carcinomatous ulcerations, *1963:* March, 115
Cardiac arrest, *1963:* July, 515–517
Cardiac collapse, *1963:* July, 454
Cardiac massage, external, *1963:* July, 516
Cardiovascular disease, local anesthesia in, *1963:* July, 456
Cardiovascular drugs, *1963:* July, 459–463
Caries. See also *Carious lesion.*
bacteria and, *1962:* July, 310, **321–333**
biochemical aspects, *1962:* July, **369–384**
carbohydrates and. See *Carbohydrates.*
diet and, *1962:* July, **335–346**, 390–393
hereditary factors, *1962:* July, **357–368**
incidence and distribution in United States, *1962:* July, **291–303**
personality traits and, *1962:* Nov. 609–611
preventive measures, *1962:* July, 336, 338, **385–396, 397–409, 411–424**
saliva and, *1962:* July, **347–355**
stress and, *1962:* Nov., 616–619
symposium, *1962:* July, **289–424**
Caries activity tests, *1962:* July, 330, 340, 343
Carious lesion, nature of, *1962:* July, **305–320**
Carisoprodol, *1963:* July, 423; *1964:* July, 288
Cartilage, grafts in periodontal pockets, *1962:* July, **461–465**
structural characteristics, *1962:* July, 508
Case presentation, *1963:* March, **257–270**
documented, *1963:* Nov., **681–689**
in periodontics, *1964:* March, 260–266

Cast. See *Models.*
Cast gold as restorative material, *1963:* Nov., 866, 875–878
Cast gold cores in rebuilding broken-down teeth, *1963:* Nov., 817–821
Casting golds, physical properties, *1963:* March, 202
Castings, remounting, *1962:* March, 132–135
Castration fears, *1962:* Nov., 630, 631, 643
Cathamycin. See *Tetracycline.*
Catharsis, verbal, *1962:* Nov., 631
Causalgia, *1963:* March, 285
Caustic drugs, *1963:* July, 483
Cavity preparations, effects on pulp, *1963:* July, 401–405
Cavodil. See *Pheniprazine.*
Celdenin. See *Methicillin.*
Cellulitis, *1963:* March, 158–159
Cementoma, *1963:* March, 140; *1964:* July, 309
Cements, effects on pulp, *1963:* July, 405
Cementum and dentin transplants in periodontal pockets, *1962:* July, 465–468
effects of tooth transplantation, *1962:* July, 522
structural characteristics, *1962:* July, 508
Central giant cell reparative granuloma of bone, *1963:* March, 142
Central nervous system, depressants, *1963:* July, 465–469
functional anatomy, *1963:* July, 490
stimulants, *1963:* July, 463–465
Centric check-point pins, *1964:* Nov., 604–608
Centric occlusion, correlation with centric relation, *1964:* Nov., 590
Centric relation, *1962:* March, 269; *1963:* Nov., 584, 601, 622–624
a must for complete dentures, *1964:* Nov., **587–600**
capture and use, *1964:* Nov., 594–600, **601–610**
in cusp-to-fossa articulation, *1962:* March, 192–197
recording, *1962:* March, 13–16, 122, 129
Cephalometry, roentgenographic, *1961:* Nov., 557–560
Ceramics fused to metals, *1963:* Nov., 857–859, 866–872, 878
Cetylamine in caries prevention, *1962:* July, 414
Charting, periodontal, *1962:* July, 433–436
Check-point pins, *1964:* Nov., **604–608**
Chelation, *1962:* July, 354, 374, 388. See also *Demineralization.*
Chewing gum in caries prevention, *1962:* July, 399, 419
Children, behavior patterns, *1962:* Nov., 624, 626–633
diagnosis and treatment planning, *1963:* March, **163–174**
management, *1962:* Nov., **623–635**
partial dentures for, *1962:* Nov., 761–777. See also *Cleft palate.*
periodontal disease in, frena and, *1964:* March, 87
Chloramphenicol, *1963:* March, 157; July, 335, 426

Skin and mucous membranes, drugs active on, *1963:* July, **473–487**
Skin tests, penicillin, dangers, *1963:* July, 519–520
Sliding flaps, *1964:* March, 35, 70–72, 112–117
Snyder test, *1962:* July, 330, 340, 343
Sodium caprylate in root canal dressings, *1963:* July, 335, 336
Sodium fluoride, topical, *1962:* July, 399, 401, 403
Sodium hypochlorite in endodontics, *1963:* July, 326–328, 349
Soft tissue lesions of oral cavity, treatment, *1964:* July, **315–335**
Soft tissue masses, excision, *1964:* July, 338
Soma. See *Carisoprodol.*

Sorbitol in caries prevention, *1962:* July, 391
Space maintenance, *1963:* March, 171–172
Space-opening and space-closing appliances, *1964:* July, 415–429
Sparine. See *Promazine.*
Spasm. See *Muscle spasm.*
Speech appliances in cleft palate, *1962:* Nov., 840, 851–862
Speech therapy for cleft palate patients, *1962:* Nov., 846
Sphenopalatine neuralgia, *1963:* March, 280
Spherical controls in evaluating status of dentition, *1962:* March, 261
Splinting, *1962:* March, 135
  effect on occlusion, *1962:* March, 176
  in jaw fractures, *1963:* July, 538–539
  in periodontal disease, *1962:* Nov., 833–835; *1964:* March, 18, 19, 176, 178–180, 190–195, **197–211, 213–219**
  of abutment teeth, *1962:* Nov., 793
Splints, occlusal, in improving articulation of teeth, *1962:* March, 33, 34
  in temporomandibular joint disorders, *1962:* March, 60
  periodontal, removable, *1962:* Nov., 833–835
Split-thickness flaps, *1964:* March, 34
Stability of dentures, factors in, *1964:* Nov., **639–652**
  impression procedures for, *1964:* Nov., **653–661**
Stabilized bases for transferring records to articulator, *1964:* Nov., 623–628
Stabilizing bar, *1964:* March, 191, 192, 194
Stainless steel crowns, *1963:* March, 171
Stallard-Stuart concept of occlusion, *1963:* Nov., **591–606**, 655–660
Stannous chlorofluoride, *1962:* July, 400
Stannous fluoride, topical application, *1962:* July, 393, 399–400, 404
Staphcillin. See *Methicillin.*
Steel crowns, *1963:* March, 171
Steel rods in rebuilding broken-down teeth, *1963:* Nov., 806–817
Sterilization of instruments, *1963:* July, 323, 328, 376
  of root canal, *1963:* July, 329–337
Steroids. See also *Glucocorticoids* and *Mineralocorticoids.*
  adrenocortical, in dentistry, *1963:* July, **503–512**; *1964:* July, 296
  in prevention of postoperative thermal sensitivity, *1963:* Nov., 883–886
Stimulants for central nervous system, *1963:* July, 463–465
Stomatitides, triamcinolone in, *1963:* July, 508
Stone for interocclusal record, *1962:* March, 111
Streptokinase, *1964:* July, 295
Streptomycin, *1963:* March, 157; July, 335
Stress, dental disease and, *1962:* Nov., 611–619
Stress breakers, *1962:* Nov., 722
Strontium chloride in desensitization procedures, *1964:* March, 228
Study casts of occlusion in fixed partial prosthesis, *1962:* March, 122–126
Subacute bacterial endocarditis. See *Endocarditis.*
Submandibular salivary gland, surgical anatomy, *1964:* July, 395
Submerged teeth, *1964:* July, 470, 504
Succinylcholine, *1963:* July, 424
Sucking habits, control of, *1964:* July, 542–544
Sugar in urine, *1963:* March, 19
Superego, *1962:* Nov., 586
Supernumerary teeth, *1964:* July, 372–373, 470–472, **509–517**
Surgery. See also *Oral surgery.*
  in improving articulation of teeth, *1962:* March, 34
  periapical. *See Apicoectomy* and *Periapical surgery.*
Surgical adjuncts to orthodontic treatment, *1964:* July, **371–382**
Surgical correction of oral anomalies related to dental prostheses, *1964:* July, **337–348**
Surgical residency, *1964:* July, 365
Sutton's disease, *1963:* March, 122
Swallowing, abnormal, *1964:* July, 488, 531, 533, 535–539
Swelling. See *Edema.*
Sympathetic blockade, drugs in, *1963:* July, 462
Syncope, *1963:* July, 453, 513
Syphilis, *1963:* March, 109
Syringes for local anesthesia, *1963:* July, 446
Syrosingopine, *1963:* July, 461

TABLE salt, fluoridated, *1962:* July, 399
Taste in geriatric patients, *1964:* Nov., 767
Teeth. See also *Dentition* and *Tooth.*
  ankylosed, *1964:* July, **493–508**

Teeth, artificial, for partial dentures, *1962:* Nov., 730, 734, 738–742
porcelain versus plastic, *1962:* March, 118
selection and arrangement, *1962:* March, **241–258**; *1964:* Nov., 803
avulsed, replantation, *1962:* July, **555–568**
axial inclinations, *1964:* July, 479–482
crowding, *1963:* Nov., 744
deciduous, premature loss, *1962:* Nov., 762–764
role in malocclusion, *1962:* March, 101–103
extrusion, *1963:* Nov., 752
individual, judging savability, *1962:* March, 272–277
loss of, emotional significance, *1962:* Nov., **637–650**
meaning in emotional development, *1962:* Nov., 641–644
migration, *1962:* Nov., 792; *1963:* Nov., 741–744, 749
overerupted, intrusion, *1962:* Nov., 781
preparation for crowns, *1962:* March, 159; Nov., 841–844, 853–855
pulpless, coronal reconstruction, *1963:* July, 397
rotation, *1963:* Nov., 753
storage for transplantation, *1962:* July, 528
supernumerary, *1964:* July, 372–373, 470–472, **509–517**
surgical repositioning, *1964:* July, 377
tilting, *1963:* Nov., 750–752
traumatic injuries, treatment, *1963:* July, 392–394
Temperature, body, *1963:* March, 10
Temporal muscle–coronoid process relation, *1962:* March, 39, 40
Temporary dentures, *1964:* Nov., 795
Temporomandibular joint. See also *Mandibular articulation.*
disorders of, diagnosis and treatment planning, *1963:* March, **247–256**; *1964:* Nov., 643, 769
steroids in, *1963:* July, 510
maxillomandibular relations, and occlusion, *1962:* March, **19–35, 37–50, 51–62**
meniscus, *1964:* Nov., 644
partial dentures and, *1962:* Nov., 779–781
normal relations, *1964:* Nov., 642
roentgenography, *1964:* Nov., 641
Terramycin. See *Oxytetracycline.*
Tetanus from facial injuries, *1963:* July, 530
Tetracaine, *1963:* July, 448
Tetracyclines, *1963:* March, 156; July, 426, 555, 557; *1964:* July, 290
Tetrex. See *Tetracyclines.*
Thalidomide, *1963:* July, 497
Therapeutics, oral, symposium, *1963:* July, **429–561**
Thermal sensitivity, postoperative, prevention, *1963:* Nov., **881–888**
Thermal treatment for infections, *1964:* July, 403
Thiazide diuretics, *1963:* July, 461
Thilafon. See *Perphenazine.*
Third molars. See *Molars.*
Thorazine. See *Chlorpromazine.*
Thrush. See *Moniliasis.*
Thumb sucking, *1962:* Nov., 627, 628
control of, *1964:* July, 542–544
Tic douloureux, *1963:* March, 279–280
Time, critical element in interceptive orthodontics, *1964:* July, **519–528**
Tipping of teeth, *1962:* March, 92; *1963:* Nov., 750–752
Tissue regeneration and transplantation, symposium, *1962:* July, **425–568**
following local periodontal treatment, *1962:* July, **439–447**
maximum, in periodontal therapy, *1962:* July, **449–457**
Tomography, *1964:* Nov., 641
Tongue, burning, *1963:* March, 282
Tongue problems and malocclusion, *1964:* July, **529–539**
